

Texas Classroom Libraries Organized by Reading Levels

Aligned With Texas Essential Knowledge and Skills

American Reading Company's **Independent Reading Level Assessment® (IRLA)** integrates the TEKS Standards for English Language Arts and Reading with a deep knowledge of the demands of literature and informational text for students in Grades PreK through 12. Each book is evaluated by an expert levrer who determines which skills/standards a reader needs to know and be able to apply to read the book, including:

- Foundational Skills for Reading Standards K-5
- Vocabulary and Language Standards 3-12
- Comprehension of Literature and Informational Text
- Range of Reading and Level of Text Complexity

Leveled Classroom Libraries

More than 95,000 titles from 220+ publishers have been reviewed by our team of reading specialists and librarians to create more than 1,000 hand-selected collections balanced for:

- Fiction and nonfiction
- Male and female interest
- Ethnic group representation
- Science, social studies, and literature
- Educational and entertainment value
- Age-appropriateness

READING LEVEL IS DETERMINED BY:

- Quantitative Measures (where available)
- Qualitative Measures
- Reader and Task Considerations
